STEPS to doing
BUSINESS

Welcome to David Barrios Designs

Since 1994, David Barrios has designed hundreds of entertainment systems integrating Audio, Video, Home Theater, Lighting, Security and much more throughout California. As a consultant to architects, interior designers and builders, we use experience and expertise to design creative home entertainment and automation systems to enhance the uniqueness of each home.

David Barrios Designs caters to clients that appreciate quality and professionalism and seek the best in home entertainment with comfort and ease of use.

David Barrios Designs specializes in the Sales, Design and Implementation of the following:

- Home Theater and Surround Sound
- Video Conferencing Boardrooms
- Flat Panel and Hidden TV's/Projectors Drop Down Screens
- Total Home Management and Automation
- Whole house Lighting Designs/controls
- Audio/Video Systems for multiple rooms and multiple sources
- Interior and Exterior sound
- Complete Media room designs
- Houses of Worship
- Security, Access and Surveillance designs
- Climate/Environment control and window shading
